

Felipe Enne Mendes Ribeiro

Full Stack Developer

São José dos Campos/SP • +55 (12) 98300-8732 • felipeenne@gmail.com • [GitHub](#) • [LinkedIn](#) • [Medium](#) • [Portfolio](#)

Technical Skills

HTML5, CSS3, JavaScript, React/Redux, Node.js, SQL, Git, GitHub, Python, QlikView, pair programming.

Experience

FULL STACK DEVELOPER - STAYS - APRIL 2022 PRESENT

- Developing and maintaining internal software tools;
- Meeting with the software development team to define the scope and scale of software projects;
- Troubleshooting and bug fixing;
- Identifying bottlenecks and improving software efficiency.

FULL STACK DEVELOPER - EDSX- NOVEMBER 2021 – FEBRUARY 2022

- Build, develop and maintain new software, app, website;
- Learn and study new languages and IT solution for EDSX or its clients;
- Develop and learn new skills related to the blockchain technology;
- Build, develop and maintain smart contracts.

DATA ANALYST - EMBRAER - JUNE 2021 - NOVEMBER 2021

- QlikView Application Development;
- Producing reports;
- Spotting patterns;
- Collecting data and setting up infrastructure.

FULL STACK ENGINEER - KUADRO - OCTOBER 2020 - JUNE 2021

- Developing and maintaining internal software tools;
- Meeting with the software development team to define the scope and scale of software projects;
- Troubleshooting and bug fixing;
- Identifying bottlenecks and improving software efficiency.

MONITOR - UNIVERSITY OF SÃO PAULO - MARCH 2018 - DECEMBER 2019

- Monitored the students at the University of São Paulo in the field of statistics;
- Supported during classes;
- Assisted in the correction of exercises;
- Supported in the use of distance learning tools.

Education

MASTER IN LOGISTICS ENGINEERING - UNIVERSITY OF SÃO PAULO - JANUARY 2018 - JUNE 2020

- Relevant Coursework: Supply Chain, Inventory Management, Operational Research and Simulation.

FULL STACK WEB DEVELOPMENT STUDENT - MICROVERSE - 2019 PRESENT

- Learned fundamentals of full-stack web development: Git, HTML/CSS, Ruby, Rails, JavaScript, React;
- Worked via remote pair programming 40 hours/week;
- Built multiple real-world group projects, incorporating feedback from mentors through code reviews;
- Reviewed other students' pull requests and provided feedback.

LOGISTICS TECHNOLOGIST - FATEC SÃO JOSÉ DOS CAMPOS - JANUARY 2014 - DECEMBER 2016

- Relevant Coursework: Principles of Quality Management, Operations and Production Management, Operational Research, Inventory Management, Logistics Costs and Tariffs, Supply Chain Management, Simulation and Routing.
